## NORTH STATE MATTERS

Newsy Items Gleaned From Murphree to Monticello.

### Strong Case Against Goodwin.

Raleigh, Special.—The case of State against Henry Goodwin, a 57-year-old white farmer, charged with assaulting a 14-year-old white girl, Flossie Pleasant, in his employ, was re-opened here Tuesday afternoon. Goodwin was last Friday committed to jail without bail privileges. The State contended that the justice who heard the case had no right to re-hear after judgment was rendered. The justice said it was not a rehearing, but a re-opening. The defense had two physicians sworn in as experts to examine the girl, but the State at first objected and no examination was then made, but the doctors were questioned as experts. The State then introduced as a witness a woman living near the home of the Pleasant girl, and her evidence as to the affair was very strong against Goodwin. The attorneys for the defense insisted that the State was afraid to have the girl examined. The attorney for the State asked immediately if the defense really desired this examination. The defense said yes. The examination was then made by physicians and their evidence showed the conditions to be as represented by the State. Goodwin was recommitted to jail without bail.

### Wreck on Southern.

Tryon, Special.—A through freight train, the third section of No. 62, from Asheville to Spartanburg, S. C., ran away on Saluda Mountain at 2:15 p. m., Tuesday. The engine and 13 coal cars were wrecked near Melrose, the exact place where Engineer Tunstall's train was wrecked several years ago. The engine and 11 cars are a total wreck, piled up and demolished in the cut. Engineer J. H. Averill, Jr., of Asheville, and Fireman Hair, of Asheville, are killed, and are under the wreckage and cannot be found until the wreck is cleared away. Brakeman W. B. Sherrill, of Swannanoa, has both legs cut off.

Engineer Averill was a bright young man, 23 years of age, a son of Colonel J. H. Averill, of Charleston. His father, mother, wife and two little children, brother and sisters, are spending the summer at Saluda, within three miles of where he met his untimely death. He stayed on his engine with the faithful fireman, doing all he could to check the speed of the train until the engine buried him. As the runaway train passed Melrose, the operator, J. W. Heatherly ran out and Fireman Hair threw up his hands and smiled. Heatherly faintly. Conductor Howie and Flagmen Bishop and Ward were unhurt.

### Fifteen Escape.

Washington, N. C., Special.—Fifteen prisoners in the Beaufort county jail escaped before daybreak Friday morning. Two of the men are alleged murderers and one is a Federal prisoner, all the other being charged with minor offenses. The sheriff immediately offered rewards for them. The escape was made through a small hole in the back of the building, where five brick had been removed. The jail was virtually in charge of a negro attendant who waits on the prisoners and he failed to lock up the men. There is evidence of culpable negligence and an investigation will probably be made. One of the prisoners came and gave himself up. All are negroes.

### North State Notes.

W. W. Goldsmith, Jr., a flagman on the Southern Railway, was knocked from the top of a caboose Monday night, by coming in contact with a standpipe at Statesville. Fortunately, his injuries are not very serious, being confined to a badly bruised leg. The injured man was taken to Old Fort on passenger train No. 35, and was given proper attention. He was resting well at last account and will probably be entirely recovered within a few days.

Last Friday Milas Cedric, an employee at J. A. Baesinger's saw mill, in Morgan township, Rowan county, was struck in the abdomen by a board on the planer and died Monday as the result of his injuries. The remains were taken to the former home of the deceased, in Davidson county, accompanied by his wife and five children.

Mr. Nicholas Slattery, of Flat Rock, has been appointed chief clerk in the Southern Railway passenger offices in Richmond, which is a decided promotion. Mr. Slattery has been with several railroads, his good work having attracted wide attention.

## NORTH CAROLINA CROPS

Scattered Showers and Very Warm Weather the Past Week.

With few exceptions the reports from crop correspondents for the week ending Monday, August 10th, the past week were very favorable; the exceptions come from counties where drought continues to prevail to a considerable extent, chiefly Granville and Montgomery counties in the central district, and portions of Mecklenburg, Rowan, Gaston, Caldwell and Lincoln in the western; in these counties crops, especially old corn and cotton, are still suffering from the deficiency in moisture. Over the larger portion of the State, however, frequent showers occurred during the week which had a highly beneficial effect on crops, though the amount was generally insufficient to soften the soil for plowing; a general rain is still much to be desired. The temperature conditions were favorable, the mean for the week being somewhat above normal, but there were no excessively hot days as the amount of sunshine was moderate. Crops generally continued to improve except in localities where the drought has not been broken.

Over large areas, old as well as late corn, were much benefited by timely rains and are earing well; in some sections early corn continued to suffer for lack of rain where upland crops failed and even tassels are dead, but late corn is still fine everywhere; some correspondents report that corn is better for years, and in some counties stalks bearing two or more ears are common. Fodder is ripening and gathering it is now under way. Cotton continues to improve; many report that it now has plenty of weed, but in the dry sections the plants have remained small, with blooms near the top; late cotton is now loaded with squares and blossoming freely; the amount of shedding is not excessive, and reports are numerous to the effect that cotton is fruiting very well. Tobacco needs rain to mature the top crop; in the dry counties it is small and narrow and does not cure very satisfactorily; curing is nearing completion in southern and eastern counties, but is not yet fully underway in the largest producing counties in the northern portion of the State. Rice, peanuts, peas and potatoes continue to do well. Some turnips have been sown. Grapes are ripening with prospects for an average crop; apples and peaches are good in some sections and quite poor in others, generally only a fair crop; melons are late, but are improving in quality. A general rain is needed to enable farmers to begin their fall plowing.

### Two People Killed.

New York, Special.—Two persons were killed and several others probably fatally hurt by being swept off their feet by the projecting ends of the ladders on a hook and ladder truck as it turned the corner at Fortieth street and Ninth avenue. The killed are: George Gill, an assistant school janitor and a boy named Richard Knight. Seven other men and boys of whom two had fractured skulls, were taken to the hospital and about a dozen other persons were taken to their homes after their injuries had been dressed by ambulance surgeons.

### Killed a Yeoman.

Norfolk, Special.—Bert Walker, ship carpenter at the Norfolk navy yard, shot and killed John Bland, a machinist yeoman, at 12:30 Saturday morning, in Norfolk county, just outside the Portsmouth city limits. Walker gave himself up. He claims self-defense.

### Three Hundred Dollars for a Name.

Pittsburg, Special.—A check for \$300 has been received from President Roosevelt for Theodore Roosevelt Signet, the boy born to Mr. and Mrs. Wm. H. Signet some weeks ago and which is his twentieth child. The money has been placed in the bank to the credit of the baby, the interest to accumulate until he is 21 years old.

### White Men Shot By Negroes.

Charlotte, Special.—As a result of a quarrel between four white men, of Long Creek township, and four negroes, on the public road seven miles west of Davidson Sunday afternoon, three white men were shot by Sol Shiford, colored, of Gaston county, and one of the injured men is dangerously ill. Not fatally wounded. The wounded men are Sam Lawton, who is shot in the left arm and side; John Lawton, who is wounded in the right arm; and Alexander Auten, who is shot through the body, the ball striking between the tenth and eleventh ribs. Auten has been taken to the hospital at Davidson and it is feared he will die. The other men are not seriously hurt and have returned to their homes.

### Seriously Wounded.

Washington, N. C., Special.—For three-quarters of an hour Thursday night three brothers, named Carroll, fought a third brother, and when a man named Moore interfered for the weaker side, he was cut and beaten unmercifully. The fight took place on one of the principal streets and stab wounds were numerous. Moore, who interfered for peace, is dangerously wounded. All of the fighters were drunk.

## A TERRIBLE STORY

Of Murders, Burnings and General Outrages Comes From Turkey

### BULGARIA ARRAIGNS THE TURKS

In a Memorandum Presented to the Powers the Bulgarian Government Sets Forth the Condition of Affairs in Macedonia.

Sofia, By Cable.—The Bulgarian government has presented a memorandum to the powers, setting out at great length the condition of affairs during the past three months in Macedonia since the Turkish government undertook to inaugurate the promised reforms. The most precise details, dates, places and names of persons are given in the memorandum, the whole constituting a terrible category of murder, torture, incendiarism, pillage and general oppression committed by Ottoman soldiers and officials. These particulars were obtained entirely from official sources, such as the reports of the Bulgarian consuls and agents of the Bulgarian government, and in many instances, the reports made by Turkish authorities. The Bulgarian government guarantees the absolute truth of every statement and challenges the Porte to disprove a single charge made in the memorandum, which begins by stating that during the past three months the Ottoman government has taken a series of measures with the alleged intention of inaugurating the era of promised reform and of assuring peace and tranquillity to the Bulgarian population of European Turkey, but which have had the contrary effect of further exasperating this population and reviving the revolutionary movement. Instead of proceeding solely against persons guilty of breaches of the public order, the military and civil authorities have sought every possible pretext to persecute, terrorize and ruin the Bulgarian inhabitants, and to cause the large cities and the small villages.

Numerous assassinations, burnings and other outrages are charged. Dealing with other acts of oppression, the memorandum states that the Bulgarian merchants and artisans living in Constantinople and Salonica were ordered to their native villages and were not allowed any time or opportunity to dispose of their business or property. Some of these Bulgarians who, with their families, had been established for 20 years or more, were utterly ruined. As the order applied equally to professors and schoolmasters, the Bulgarian schools were closed before the end of the school year. The authorities rigorously enforced the same order against the Bulgarian priests, making every effort to paralyze the development of religious and educational work, and deprive the Bulgarian church of all its privileges and force the people to come under the authority of the Greek patriarch. Encouraged by the Ottoman authorities, the Greek bishops and archbishops forced their way into the Bulgarian churches and burned the prayer-books and menaced the people. The archbishop of Salonica declared in a recent sermon that the Sultan did not want Bulgarian exarchs in his empire; if they remained they would be exterminated.

### All Take Vacation.

Burlington, Vt., Special.—The Burlington, Winslow and Colchester Mills of the American Woolen Company will not resume operations soon, orders having been received for a two weeks' suspension. In addition to the Washington Mills at Lawrence, Mass., and the Assabet Mills at Maynard, Mass., the company has also decided to close the Lebanon and Mascam Mills and the Baler Mills of Enfield in the Mascam Valley, N. H., for a similar period. These mills employ a total of about 10,000 hands. The shut-down, the company announces, is for the purpose of giving the employees a vacation and repairs and improvements at the several plants.

### Attention Called.

Constantinople, By Cable.—The British ambassador has called the attention of the Porte to the serious situation in Macedonia. He pointed out that grave consequences may attend fresh murders of consuls or foreign subjects. The ambassador had an audience with the Sultan on Friday.

### Spoke to Catholics.

Oyster Bay, Special.—President Roosevelt delivered the principal address at the quarterly meeting of the Society of the Holy Name, of Brooklyn and Long Island, held here Sunday. Decency of speech and conduct constituted the theme of his address, which was enthusiastically applauded by an audience of more than 2,000 persons, chiefly men. Father Powers, rector of St. Dominick's, introduced the President in a felicitous speech in which he spoke of the esteem in which Mr. Roosevelt is held by the Catholics of this country.

### Terrible Storm.

Merida, By Cable.—The effects of the tropical cyclone here and in Progresso have been terrible. The wind commenced in the early hours of the night, and panic quickly seized the community. The wind tore up great trees by the roots, blew roofs away, and destroyed houses and plantations. Great damage was done in a very short time. Great efforts were made to save small vessels, but about 20 of them in the port of Progresso were cast upon the shore.

## THE PRIZE FIGHT.

Jeffries Whips Corbett Easily at San Francisco.

Mechanics' Pavilion, San Francisco, Special.—James J. Jeffries, champion heavyweight of the world, played with Jim Corbett for nine rounds and a half, and then Corbett's seconds motioned to Referee Graney to stop the fight in order to save their man from needless punishment. The end came shortly after the beginning of the ninth round when Jeffries planted one of his terrific left swings on Jim's stomach. The man who conquered John L. Sullivan dropped to the floor in agony, and the memorable scene at Carson City was again enacted, when Bob Fitzsimmons landed his solar plexus blow. This time, however, Corbett struggled to his feet and again faced his giant adversary. With hardly a moment's hesitation Jeffries swung his right and again landed on Corbett's stomach. He dropped to the floor, and then it was that Tommy Ryan, seeing that it was all over, motioned to the referee to stop the punishment.

The Typographical Union, Washington, Special.—An important proposition coming from the committee on laws, which was adopted by the International Typographical Union, was that which permits subordinate unions to incorporate in exceptional cases.

The union took up the Los Angeles Times case and voted for a referendum on the question of an assessment for funds to unionism The Times office. A statement was read from General Otis, of the Times, saying that the office was by choice a fraternal office, that high wages were paid and no surrender would be made. Delegate Hay, of Los Angeles, told of the union's course and expressed hope of ultimate success.

In the Spokane and Seattle cases, in which President Lynch is charged by Commissioner Driscoll with a violation of the arbitration agreement, the committee on arbitration reported an endorsement of President Lynch and the executive council, and accused the publishers of precipitating the trouble by a display of bad faith. The report says the union constitution cannot be arbitrated, but asserts a belief in arbitration where the parties approach the question in a fair and conciliatory manner.

The woman's auxiliary elected Mrs. Frank L. Kennedy, of Omaha, president and Mrs. C. C. Houston, of Atlanta, one of the vice presidents. These Bulgarians adopted a special organizer to visit several towns in the South to organize new unions and to visit established unions for the purpose of strengthening the same. The convention adopted the proposition to organize newspaper writers and authorize expenditures of the necessary funds therefore. The death benefit was increased to \$70.

### Jett and White Convicted.

Cynthiana, Ky., Special.—The jury in the case of Curtis Jett and Thomas White, charged with the assassination of James B. Marcum at Jackson, Ky., returned a verdict of guilty, fixing the punishment of each at life imprisonment. The verdict was returned at a time when there were but few persons in the court room. The only attorney present was County Attorney Webster. Jett received the verdict with comparative indifference and calmness. White who has been unrepentant under a severe strain during the trial, flushed up and his eyes filled with tears. The verdict occasioned little surprise, and the only question which caused the delay, it is said, was whether to make the punishment death or life imprisonment.

The application of M. Payloff, the Russian minister, for permission to erect telegraph and telephone lines to Yungampho has been refused. The extension to the northward of the Seoul-Wiju Railway is progressing.

### Mayflower Ashore.

Norfolk, Special.—Reports from Elizabeth City, N. C., are to the effect that the steamer Mayflower is ashore in North Carolina waters and will probably prove a total loss. The Mayflower struck on a bar at Wade's Point in Albemarle Sound, about 18 miles south of Elizabeth City. The Mayflower is a small river craft and was lumber laden.

## THE SEABOARD SOLD

Reported That It Becomes Allied With Other Roads

### WILL ABANDON ALL RATE CUTTING

Indications Point to the Removal of All Competition From the Field of Southern Railroading.

New York, Special.—The long-expected announcement that the Seaboard Air Line had passed, at last, practically into new hands, was made Wednesday by Ladenburg, Thalmann & Co., who issued a statement showing that interests representing the Rock Island and St. Louis & San Francisco had secured representation in the Seaboard directorate and board of voting trustees. The official statement was as follows:

"Ladenburg, Thalmann & Company announce that they have completed negotiations whereby new and important interests have become identified with the Seaboard Air Line Railway Company. R. F. Yoakum and H. Clay Pierce and B. F. Guinness, of Ladenburg, Thalmann & Company, and Oklahoma Thorne, president of the North American Trust Company, have been elected voting trustees of the Seaboard Air Line Railway."

President John Skelton Williams also announces that R. F. Yoakum, H. Clay Pierce, Oklahoma Thorne and S. B. Van Vorst have been elected directors of the Seaboard Air Line Railway. Mr. Yoakum is president of the St. Louis & San Francisco Railroad, for which company J. P. Morgan & Co. are fiscal agents. The official announcement of the deal also said:

"The change of personnel of voting trustees of the Seaboard Air Line Company does not mean the purchase of that company by Rock Island or 'Frisco' interests, although the 'Frisco' lines extend into Birmingham, and are a part of the Southern situation. It does, however, emphasize the fact that all the great railway systems are carrying out the policy of more closely cementing the railway transportation interests of the country, which will greatly retard and it is hoped entirely prevent demoralization of the rate situation, or the unnecessary construction and duplication of property. Attention is called to the fact that with the discontinuance of any further construction by the Seaboard Air Line the value of the property is greatly enhanced, and another gratifying fact at this time and which is further evidence of the future disposition of the railways of the United States is that this deal does not call for any financing or supplying of new money."

### Severe Tropical Storm.

Kingston, Jamaica, By Cable.—The West Indian hurricane struck the island of Jamaica with full force Tuesday, inflicting great damage. Port Antonio, on the north coast, was completely overwhelmed. Only six houses were left standing, through the United Fruit Company's wharves, offices, hotel and plantations were utterly demolished. Five of the company's steamers, including the Simon Duval, were driven ashore, but are lying in easy positions. Port Maria, another town on the north coast, also suffered similarly. The coast is strewn with the wreckage of local sailing boats.

The southeastern portion of the island has been completely denuded of its crops, the rivers are flooded, and many men were carried out to sea and drowned. Considering the damage to property during the hurricane, the loss of life is comparatively small, though the present estimate is that the death list will reach 50. Hundreds of persons were injured, and there were numerous halfbreed escapes. The property loss is estimated at \$10,000,000. The entire eastern end of the island has been devastated. Villages have been wiped out, and public buildings and churches demolished. Thousands of the peasantry, rendered homeless and destitute, are wandering about seeking food and shelter. The destruction of the banana plantations has been complete, and the fruit trade is paralyzed for the next 12 months. Hundreds of prosperous fruit growers have been brought to bankruptcy and ruin.

### Sentenced to Hang.

Wilmington, Special.—Jacob Register and his father, H. B. Register, were convicted at Whiteville, Columbus county, of the murder of Jesse Sales and Jim Stally last March, and burning the house down upon their bodies, after robbing the premises of something over \$1,000. The younger Register was sentenced to be hanged on October 9, and his father was sentenced to the penitentiary for life. Cross Edmondson, whose confession implicated the Registers, and secured their conviction, was sentenced to six years. The Registers' counsel gave notice of appeal to the Supreme Court.

### Give No Quarter.

Solonica, Special.—It is reported that the Turkish troops on Monday bombarded and destroyed the village of Ekshisu, 28 miles south of Monastir. According to another rumor the insurgents who have occupied Kruvoiko, after repulsing two assaults by the Turkish troops, offered a conditional surrender. Instructions were asked from Constantinople and in reply the Turkish command received orders to give no quarter.

## A MOB CONFERENCE

Unique Gathering Discusses a Live Question of the Day

### DEFENCE OF LYNCHING FOR RAPE

John Temple Graves Speaks on "The Mob Spirit in the South" and Defends His Section.

Chautauqua, N. Y., Special.—Unique among all summer gatherings is the "mob conference" now in progress here. The increase of mob spirit shown by feuds, lynchings, riots, assassinations and other lawless happenings gives great importance to this conference. Among Tuesday's speakers was John Temple Graves, of Atlanta, Ga.

Mr. Graves spoke on "The Mob Spirit of the South." He defended lynch law as a remedy for the crime of rape, holding that though lynching is a crime, it is justified by the crime which provokes it and will never be discontinued until that crime is eliminated. The remedy for lynching must be the elimination of the crime of rape and this, he maintains, could be done only by the separation of the two races in the United States.

"The problem of the hour is not how to prevent lynching in the South, but the larger question, 'How shall we destroy the crime which always has and always will provoke lynching?' The answer which the mob returns to this vital question is already known. The mob answers it with the rope, the bullet and sometimes, God save us, with the torch. And the mob is practical; its theory is effective to a large degree; the mob is today the sternest, the strongest and the most effective restraint that the age holds for the control of rape."

The lyncher does not exterminate the rapist, Mr. Graves contended, but he holds him in check. As a sheer cold, patent fact, he said, the mob stands today as the most potent bulwark between the women of the South and such a carnival of crime as would infatuate the world and precipitate the annihilation of the negro race. The masses of the negro, he added, are not afraid of death coming in a regular way. They love display and the spectacular element of a trial and execution appeal to their imaginations. Expediting the processes of the law would not be adequate to stimulate lynching. The repeal of the amendments and the establishment of the negro's inferiority in society, declared Mr. Graves, though desirable, are not sufficient, "for the negro," he added, "is a thing of the senses, and with this race and with all similar races the desire of the senses must be restrained by the terror of the senses, if possible, under the law."

No influence of suppression so mighty and effective could be brought to bear as a law making amputation the penalty for the crime of rape. But this, like curfew edicts, separate laws for white and black, or the treatment of the crime of rape as separate and outside of all other codes are but expedients, he maintained; there is no real remedy but one. No statute will permanently solve this problem. Education does not solve it. Education complicates it. Politics complicates it. "The truth which lies beyond and above all those temporizing expedients," he concluded, "is that separation is the logical, the inevitable, the only solution of this great problem of the races."

Discussing the subject of "Mental and Moral Contagion," Dr. J. M. Buckley, of New York, after speaking at some length of the various transient and permanent changes that take place under different physical and mental influences, in human personality, took up the question of crime and argued that all crime implied the existence of society and its attributes, that sin and vice could be committed by a person alone in the world, but not so crime. He showed the operation of this law in a striking way through their natural causes epidemic might spread.

In conclusion, he declared that as laws of association bring on such general and feverish criminal tendencies, so the laws of association must be employed to antagonize them.

### Will Be Convicted.

ARRESTED FOR KISSING A GIRL.

Park Policemen at Boston Have No Sympathy With Sentiment.

Boston, Mass., Aug. 16.—The Metropolitan park police are drawing the line pretty tight. Last evening they arrested a couple who were out canoeing on the Charles because the man kissed his companion.

So far as known no one was caught disobeying this rule last night, but one unfortunate youth, when paddling under the bridge at Riverside, stole a kiss from his best girl. A lynx-eyed policeman paddled up in a trice and placed both under arrest, notwithstanding their protestation that they were betrothed.

Increase in Crimes Under democratic "Good Government."

Editor The Caucasian:

The end of time is coming for the Scripture tells us the signs of the times are all we have to go by. We see high crimes in high places. We see children killing their parents. We see the Barbarians Days here. We see the blind leading the blind. We see the time coming when brutes will speak to his master about two and one third years ago I dreamt we would see a great deal of trouble in 1909, and according to the crimes committed my dream is coming to pass. We must watch as well as pray. B. J. Archbell.

The September "Smart Set."

A story, strong and noble, alive with interest, and unique—such is "The Progenitress," by G. Vere Tyler, the novelette with which the September number of the Smart Set opens. It is a powerful portrayal of unusual types, and has a strange, unconventional glamour that enchants the reader's fancy, while the truth in the story satisfies the heart. "The Progenitress" is an absorbing tale and a notable piece of literary work; it bears eloquent witness to that worth and variety which have made The Smart Set novelettes famous in America and England.

FARMERS MET AT HILLSBORO.

Seventeenth Annual Session of the State Alliance.

As we were not so fortunate as to be able to attend the annual meeting of the State Farmers Alliance at Hillsboro last week we will have to take the Secretary's word for the result of the meeting. The following is taken from Mondays Progressive Farmer:

The seventeenth annual session of the North Carolina Farmers' State Alliance held near Hillsboro last week was notable for enthusiasm, for businesslike effort for large attendance, and for the quality, as well as the quantity, of its membership. The number of counties represented was larger last year than the year before, and larger this year than last. Excellent reports were received as to the outlook for reorganization, and the executive committee was instructed to borrow a sufficient sum from the profits of the Business Agency to keep lecturers in the field. With proper effort it is believed that the membership of the Order can be doubled in the next twelve months. Our open session Wednesday was a thorough success, and this is to be made a permanent feature of the State meeting. Moreover, a good list of officers was chosen, and the action on all matters considered was conservative and businesslike.

The Caucasian a Reminder.

Greenville, N. C., Aug. 10, 1903. The Editor CAUCASIAN: Please find enclosed \$1.00 for renewal, which moves my subscription up to Feb. 1904.—The rest of political papers I take are on the Democratic side and of course say but little about the misdoings of said party since they stole themselves into power, but when I open the Caucasian I see at the mast head a reminder of a few things that Gov. Aycock said in his speech, accusing us of encouraging lawlessness, such was untruthful, unpatriotic and unworthy to fall from the lips of a christian gentleman as he professed to be. We could not expect anything better from a man, who in secret circulars advises registrars and judges of elections to do anything just to carry the elections for thought he I must go to the Senate and I don't care how I get there, and he might have thought further and truthfully so, that Butler has represented N. C. faithfully, but I want his place, I make no promises how I shall perform my duties, but from a fair view of the case no one either friend or foe will truthfully say that he comes within gunshot of his predecessor, Simmons, it has been said, advised in the campaign of 1898— all manner of fraud, but if Butler ever advised anything of the kind I failed to see or hear of it. So our ex-senator represented N. C. with dignity and honor, while our present incumbent misrepresents from the standpoint of the Campaign of 1898—our grand old State. What has become of Senator Butler and Dr. Thompson. I trust they are both doing well, and further I hope to live to hear them again, say 1904—expose as they are well able to do some of the misdoings of the Simmons legislature, oh, it would be rich to listen to worth riding miles and miles to meet and hear these grand men expose the rascality that has been practiced upon us as a people, and defend the grand principles of our fathers.

Lone may live the Caucasian and the principles it represents

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Koot is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

# MISS MAY MARKELL,

A Society Belle of London, Canada.

MISS MAY MARKELL of London, Ontario, Canada, is a beautiful girl who knows what suffering is and Wine of Cardui has brought her back to health. She is one of the social favorites of her home and her recovery to health has permitted her to enjoy the company of her many friends instead of lying on a bed of sickness and suffering. For the health she now enjoys she gives credit to Wine of Cardui. She writes: "I have found Wine of Cardui an excellent remedy for female trouble. I suffered for three years with terrible bearing-down pains at the menstrual period. I could hardly stand on my feet and was never real well. Wine of Cardui was the only medicine that I could depend on to do me any good, as I tried several with no success. Wine of Cardui cured me and I have now enjoyed perfect health for two years, and give you all the credit for I know you deserve it."

For a young girl Wine of Cardui is the best remedy to guide her through womanhood by starting the menstrual

ing this treatment. It relieves menstrual troubles in an incredibly short time. In a simple case of deranged menses Wine of Cardui never fails. To relieve disordered menses is to remove the cause of other female troubles. Any physician will tell you that to remove the cause of a disease renders the cure easy, in fact seldom fails to complete the cure. If you would have the same relief which Miss Markell secured by Wine of Cardui. You can take it without an examination and without any publicity whatever. You can take it in the privacy of your home and secure just as much benefit as if a doctor had prescribed it for you. Thousands of women are feeling the vigor of returning health by taking Wine of Cardui.

A million suffering women have found relief in Wine of Cardui.

The remark of President Elliot of Harvard, anent the entertainment of the nation's convention of school teachers at Boston, that the western delegates should be given a trip to the sea beach, has caused a good deal of comment among the pedagogues of the wild and woolly west, who think the Bostonians have as great need of lessons of cleanliness as have the people from other sections of the country.

**HIS BAD-COLORED WHISKERS.**  
It was a Good Joke, but They Picked Out the Wrong Man.  
"A little joke happened at the turn back there last year," said the stage driver as the highway made a half circle to the west.  
"What sort of a joke?" asked the man on the seat beside him.  
"Well, among the passengers to start from Hill Top one mawrin' was a red-whiskered man who was great on the blow. He said he'd almost give \$100 to have the stage stopped, and that he wasn't afraid of no forty road agents rolled into one."  
"This gave the boys an idea, and it was put up that Joe Harper should be at that turn and put the stage up and see red whiskers go down into his butes."  
"And did it come off?"  
"It did. When we reached the turn I slipped up a leetle and Joe jumped out and yelled for hands up. I pulled up the horses and he hollered for the passengers to get down. Lord, how Joe hollered! You could have heard him two miles away. Everybody got down and the passengers in the joke pretended to be half-skert to death."  
"But how about red-whiskers?"  
"For about a minit or two he 'peared to be ready to collapse, but then he pulled himself together and it was bad for poor Joe Harper. He had a gun in both hands and he opened fire and shot to kill."  
"I don't know how many bullets he shot into Joe, but it wasn't less'n six, and then he put in half an hour to see if any more robbers was on hand."  
"Then the joke was not a success?"  
"Not skashly, sah—not skashly. Joe Harper is lyin' in his grave back there, while the red-whiskered man was so mad about the put up job that he driv all the passengers out of the stage and made them walk fifteen miles."  
"I'm a great hand for a joke, sah, but I ain't jokin' no more—not with red-whiskered men. They may be great hands to brag, but they also is loaded for bar."

**THE TOWN OF SPECTACLES.**  
Curious Manner in Which an African Settlement Received Its Name.  
John Moir built a commodious residence a number of years ago on the outskirts of Blantyre in the Shire high lands south of Lake Nyassa.  
He is the agent of the African Lakes company, which has a number of steamers on Lake Nyassa, and has proved that it is possible to build up a prosperous business in inner Africa without selling spirits or firewater to the natives.  
Mr. Moir wears spectacles, and the natives call him Mandala, which means glass. When he erected his house they also applied the name Mandala to the building.  
There Mr. Moir developed a settlement around his private property, all devoted to the interests of the company he represents. There are storehouses for ivory and other things bought from the tribes. Trade goods as they arrive from Europe are also stored here till they are sent up the lake. The place has become a very thriving settlement with several hundred population.  
It did not lack a name for a single day because the natives at once named it when the first storehouse was erected. They simply made the name Mandala embrace all the town; and now on all good maps we see a little dot and the word Mandala standing for the most thriving and important suburb of Blantyre.  
The fame of Mandala is known to all who are interested in Africa's progress, and the name it bears was given to it simply because the founder of the town wears spectacles.—New York Sun.
